## SNOW, RAIN, SLEET, ICE, ZERO WEATHER VISIT PARIS.

The weather man rang up all the combinations of weather he had in stock Friday and sent the whole thing down in this part of the country, until someone suggested that the owner of the North Pole had lost that valuable piece of property, which will be gladly returned to where it belongs.

The heralded cold wave arrived on schedule time Friday night, following a period of comparative warmth, when the temperature rose enough to start a thaw. From five o'clock until midnight Friday was one of the coldest periods ever known in this section.

The mercury in thermometers dropped at the rate of one degree a minute, seemingly, and at midnight stood below zero. Those who were compelled to be out experienced the greatest difficulty in returning to their homes or places of business, owing to the fierce icy gale that blew like all the flocks possessed. The rain which fell Friday was transferred into a blizzard as night came on, and the resulting snow soon enveloped the earth in an added blanket which was whipped into drifts by the cutting wind.

The storm was the severest experienced in this city and county for many years. The thermometers at the L. & N. round house and at H. M. Collins & Co., considered among the most reliable in the city, registered sixteen below zero on Saturday morning. This continued all Saturday and Sunday, with a slight rise yesterday, followed by another heavy snow. Reports from the county indicated a great deal of suffering among stock for which no adequate shelter had been provided.

As a result of the heavy snow the county roads were almost impassable. Many of them were entirely blocked and persons coming to Paris on business were compelled to make a detour in many cases in order to reach the city over more favorable routes. The rural route carriers managed to make their usual rounds but in doing so, one of them, Mr. John Spears, had four fingers on one hand frozen. Telephone and telegraph service and service on the Paris-Lexington interurban and the Louisville & Nashville train service also suffered interruption.

Water pipes in many homes and business houses were frozen by the sudden snap, and in some places the pipes bursted, overflowing business rooms underneath. The gas situation in the city, as usual during a cold snap, presented a very serious aspect, as did the question of coal. The gas pressure was rather weak, owing to the great drain made on the supply pipes. Some coal was to be had, but the supply on hand was taken up as soon as it could be loaded. Three cars on the L. & N. tracks near the Third street freight station were soon emptied Saturday afternoon by eager customers, who came with every conceivable kind of vehicle.

Several persons had their ears frostbitten Friday and Saturday, the extreme cold nipping these members easily. One of the worst cases was that of Mr. Russell Clayton, clerk at the clothing store of Mitchell & Blakemore, who had both ears badly frozen while coming to the store from his home on South Main street. Two Louisville and Nashville firemen, and one of the yardmen had their feet frozen, and were sent to their homes.

The storm is reported as being the severest that has visited this section in the past eighteen years. The readings from the thermometers given above were accurate, and only approached by the weather of February 13, 1899, when the mercury tumbled to twenty below zero. This cold snap has shattered all records for January, the lowest being twelve below in 1895.

Letters received in Paris by friends and relatives of former Paris people, who are spending the winter in Pasadena, California, tell of the warm weather there, with people sitting on their front porches, in warm sunshine, and the Carnival of Roses in progress. It's different in Paris.

Nearly one hundred telephone poles were dragged down on the roads in the county. Snow and sleet caking on the wires, became too great a burden. Both telephone companies had gangs of linemen at work yesterday endeavoring to restore the interrupted service. The storm cut off communication with the city and county for a large number of hours with trains.

## EXEMPTION BOARD ISSUES WARNING TO REGISTRANTS

The Bourbon County Exemption Board has issued a statement saying that a large number of questionnaires have been improperly filled out and that it is of vital importance that these be corrected and returned at once. The time for making these corrections is limited and they must be given immediate attention.

In addition a large number of questionnaires have not been returned. These names unless reporting shortly will be mailed to the office of the Adjutant-General at Frankfort, and they will be reported as deserters, or if found, will be inducted immediately into the service. To those who have not received their questionnaires a warning is given that the Board is not responsible for this and the men failing to appear will be held accountable by the law.

Any persons knowing such should have them appear immediately before the Board, as this is positively the last chance the Board can legally give them to escape punishment as prescribed by the law.

It is probable that some of these men are already in the military service, and the local Board has no knowledge of it. In such a case the Board will appreciate it if any relative or friend of these men will notify it, as it will help both the Board and the registrant.

The following is an additional list of the registrants whose questionnaires have not been returned. This supplements the lists previously published.

Clarence M. Curran, Offutt Lewis, Joe Henry Johnson, Alfred Cummins, Arthur Thomas Johnson, Thomas Jefferson Avery, James Mark, James Fields, Millard Dora, Ranen Strawther, Thomas Elder, Lee Arnett, Ross Lloyd Leach, Jasper Craycraft, Wm. Samuel Johnson, Morton Hatfield, Joseph Garrett, Luther McClain, Robert Mack, Jr., William Lemons, John Williams, Julius Berry.

## COST OF "RUNNING" CITY.

What it costs to pay the running expenses of a city the size of Paris is shown in the report of City Clerk J. W. Hayden, which was submitted and received at the recent meeting of the City Council. The expenditures, as itemized by Clerk Hayden were as follows:

Administration, \$5,567.72;	Streets, \$7,058.67;	Fire Department, \$7,099.64;	Police, \$5,371.78;	Light, \$8,129.61;	Charity, \$56.48;	Bonds and Interest, \$9,552.10;	Miscellaneous, \$27.50;	Oil, \$2,987.21;	Insurance, 500;	Eruptive Hospital, \$145.50;	Hospital Bequest, Mrs. Horton, \$9,875;	Sewers, \$417.92;	Health and Welfare, \$400;	Tax Refund, \$183.88;	City School, \$21,370.10;	Library, \$1,297.71;	Hospital, \$1,709.60;	School Bonds, \$49,055.05.	Total Expenditures, \$128,160.81.

## LEIUT. GUS WELSH TO SEE FOREIGN SERVICE SOON.

Word has been received here from Hattiesburg, Miss., that Lieut. Gus Welsh, of the 138th Field Artillery, has been instructed to hold himself in readiness for orders to leave for foreign service.

Lieut. Welsh is from Lexington, and was formerly an officer in the Signal Corps. He was in command of Company B, when it was stationed in Paris, and also when it was called to Webster county during the miners' strike there. Sergt. Newsum Keller and Private Lawrence Hill, of Paris, were members of the company at that time.

ber of subscribers.

On the interurban the heavy snowfall yesterday impeded the service, but cars were kept running being from thirty to forty minutes late. Trains on the L. & N. were also late. Mail carriers on the rural routes made their trips with the greatest difficulty, and reported huge snow drifts everywhere.

The city carts and wagons were placed at the disposal of the Bourbon County Health and Welfare League, in relief work. Coal was distributed to a number of poor families who have been reported as being in actual need.

One of the freakish happenings in which the weather played a conspicuous part was when a southbound freight train on the Louisville & Nashville road stopped here for coal and water. During the wait the wheels of the engine froze to the tracks. Five big engines were required to clear the track, which was blocked for more than five hours with trains.

## POLICE INSTRUCTED TO ENFORCE SUNDAY CLOSING.

In accordance with an order from Mayor E. B. January, Chief of Forbes, the fireman who was killed Police Fred Link was busy yesterday in the collision last Tuesday on serving notice on grocers, restaurant the switch engine he was firekeepers, meat markets, and others, in regard to the city ordinance and of Paris, was the man who shot and that portion of the Kentucky Statutes regarding the sale of groceries, etc., on Sunday. The order is as follows:

"I have a number of complaints from groceries and meat stores that they close their stores on Sunday according to the Kentucky Statutes, Section 1321, and city ordinance, Section 111, but there are others who carry on their business on Sunday the same as on week days; also restaurants who sell groceries must be notified not to sell any groceries, but to serve meals the same as other restaurants and not sell any groceries on Sunday. And if any of them violate the ordinance let him be brought before the Police Judge for trial. Please notify all such violators before next Sunday. Also call attention to all unpaid licenses due May 1, 1917, and report at the next meeting of the City Council."

"E. B. JANUARY, Mayor."

## DAYLIGHT SAVING AS A NATION MEASURE.

Saving of more than 1,500,000 tons of coal a year if daylight saving of an hour a day were adopted by act of Congress in the United States would be effected, according to estimates made by the executive committee on daylight saving for the chamber of the United States, of which Lincoln Fliene, of Boston, is chairman.

This is one of the strong arguments to be made at the hearing in a week or two before the House Committee on Interstate and Foreign Commerce on the daylight saving bill, which recently passed the Senate by unanimous vote.

Another argument that will be presented is that at a recent conference of shipyard employment managers in Washington under the auspices of the United States shipping board, a resolution was unanimously passed urging adoption of the daylight saving plan as a material aid in the shipbuilding program.

## MAN KILLED IN WRECK WAS PARDONED PRISONER.

Railroad men state that Robert Forbes, whose home was at Lexington, was pardoned when he gave his promise to enlist in the U. S. Army or Navy. He did not enlist, however, and later became an employee of the Louisville & Nashville, and was making his first run when killed. Forbes originally came from Breathitt county, Ky., about two years ago.

## TO OUR CUSTOMERS.

Owing to the regulations imposed by the Government in the conservation of time, energy and everything else that will be a saving for war purposes, the merchants of Paris will soon co-operate in making deliveries of goods. This order is strict and imperative, and must be obeyed. Four deliveries will be made daily, the first at 8:00 a. m., the second at 10:00 a. m., the third at 2:00 p. m. and the last at 4:00 p. m.

We will continue to run our truck and deliver groceries, etc., to our customers until this co-operative action goes into effect among all the merchants of Paris. We wish our customers to have the benefit of this information, and to be prepared for the action that will follow. We will do our best to take care of their interests at all time, and deem we are doing so by giving publicity to this contemplated co-operative delivery service. Remember we will continue our truck-delivery service until the Government order becomes effective.

## LIMIT IS PLACED ON MONEY SENT ABROAD FOR CHARITIES

The State Department and the War Trade Board have agreed to limit money sent out of the country for charity to \$800,000 a month. This will affect moneys intended for Palestine, for the Armenians, and all similar purposes for which organized funds are sent abroad. They require a Government war license.

## NATURAL GAS SUPPLY TO BE LARGELY INCREASED.

An announcement that will be of decided interest to the people of Paris, who with those of other cities, have suffered from the cold spell, has just been made by the Central Kentucky Natural Gas Co., which supplies this territory.

The company has closed a contract with the firm of Mullen & Mullen, of Winchester, for the purchase of the output of three big gas wells near Mize, in Morgan county. This will give an increased supply of gas in Central Kentucky, including Paris, which have been served by the Company's gas wells in West Virginia.

The wells belonging to Mullen & Mullen have a daily capacity of 1,000,000 feet of natural gas or over, and when connected up with the main line of ten inch pipe from the West Virginia fields, which runs to Frankfort, passing through Winchester and Lexington, will help to make up the shortage of gas pressure, which has inconvenienced Paris people in the past.

Winchester, Mt. Sterling and Frankfort will also be affected. According to announcement the contract with Mullen & Mullen provides for the construction of a pipe line from the wells to the main line of the gas gas company, which runs through the northern part of Morgan county, by the former company. L. V. Mullen, it's said, already has material for the construction of the new pipe line on the ground.

## NO SALE YESTERDAY AT TOBACCO HOUSES.

No sales were held yesterday at the local tobacco warehouses, owing to weather conditions. Some of the buyers were unable to reach Paris, and the condition of the county roads rendered hauling the tobacco to market impossible.

Quite a number of Bourbon county growers have disposed of their crops at Lexington houses, in preference to the home markets. Among those who have sold there recently were the following:

R. and M. Ferguson and W. Dunnigan sold 4,500 pounds at the Growers House for an average of \$31.33; Taylor & Hinton sold 7,150 pounds at the Fayette House No. 1 for an average of \$29.57; Burden Bros. sold 5,285 pounds at the same house for an average of \$35.37; Taylor & Lucas sold at the same house 3,970 pounds for an average of \$32.60; Liter & Bodkins sold at the Independent House 3,775 pounds for an average of \$31.50.

Got What He Deserved!

Ernest Schneider, a soldier at Camp Zachary Taylor, who said that the President ought to be killed, and that if he were at Washington he would be glad to undertake the job of killing him, will "do ten years' time" at Atlanta in the Federal prison for his little indiscretion.

Such outspoken enemies of the United States are far less dangerous than the smooth-spoken spy or the German sympathizer who holds his tongue, but it behoves the military courts and the civil courts to administer severe punishment for the utterance of treasonable sentiments during the war. The judgment in the case of Schneider was amply warranted by the facts. He was, no doubt, a foolish young man. And we have some of that sort right here in the city of Paris, Ky., who are almost as foolish in some of their remarks, only the attention of the authorities has not as yet been called to them. Equally, and without doubt is the fact that Schneider was and is a disloyal American and a fomenter of disloyalty.

The war may be over in two years. Eight years later Ernest Schneider will be hitting a few licks every day for your Uncle Sam with a pick, perhaps, socially an outcast, dishonorably discharged and disgraced. He got what he deserved. The same may happen some of these days to some of these fellows in Paris, if ever easy-going people of this community get really roused up.

## Books and Newspapers.

Books are wonderful, not only in their multiplicity, but in their persuasive power. The books and papers of to-day mould the minds of

men. They are not only an intellectual but a moral force. If all books and papers were correct in principle and judgment, there would be a rapid decline in crime. Crime is due to ignorance, and ignorance is due to false preaching or no teaching.

Much of the viciousness, anarchy and restlessness of modern times is due to the pernicious influence of newspapers and books written by men who are either purposely deluding the people or lacking in understanding. If we would purify our people we must put our newspapers into the hands of men who will not sacrifice truth and morality to political and financial ends.

We must have a literary censorship, that books may be examined and those of evil influence condemned before they reach the people. We all have much to learn and it is economy of time to read only the old and well tried books. Books and papers teach us to know life—the present and past. They stimulate and train the mind. They inspire us by example and percept. They teach us morality. They help us to distinguish between the good and the false. They quicken the imagination. They give us worthy and beautiful things to think and talk about. They are the best and most accessible means of education.

## How The Editor Helps.

Don't advise the preacher how to preach—help him and he will preach better. Don't tell the lawyer how he ought to plead. Pay him and he will plead better. Don't tell the physician how he should do—pay fees and you will get better treatment. Don't tell the reporter, editor or solicitor how he could make a better paper—patronize and pay for the paper and make it better each week.

To be sure the department stores tell you that if their goods are not satisfactory you can return them. Sure! But you have to pay express or freight both ways and you decide to keep them. If your home merchants' goods are not satisfactory you can take them back and it costs you nothing.

A lawyer will give you five minutes of advice on any one topic, and charge you \$5 for it. An editor will give you advice on a hundred different topics and charge you but five cents for it. And very often five cents given to an editor will save \$5 given to a lawyer.

## LETTER FROM MR. MONROE SWEENEY, PROSPECTIVE FLYER.

THE NEWS is in receipt of the following letter from Mr. Monroe Sweeney, of Paris, who is one of the latest additions to the ranks of young men who are willing to serve their country in any capacity whatever. Mr. Sweeney left Paris a short time ago, after a farewell supper tendered him by a number of his admiring friends, and after a visit to his brothers in Chicago, went to Camp Decatur, Ill., from where the letter was written. The letter follows:

January 5, 1918.

"DEAR NEWS: "Well, I would just like to know how everything is in the capital of good old Bourbon, and I hear you say, 'Read THE BOURBON NEWS.' I will, just as soon as it comes along."

"I landed here on Thursday, and the very first person I saw after coming in the gate was Billy Higgins, of Paris. This is a great place and I like it fine, although it was pretty tough the first morning to have to get up at five and jump a cold shower right from the lake. But it surely makes one feel great enough to lick a dozen Kaisers.

"Our rations are good, and everything else is satisfactory, but they are very strict on us in regard to smoking while in the detention camp, for that is what this is. I was vaccinated on my right arm and inoculated on my left arm Friday for typhoid fever preventive, and, as a result, have two pretty sore arms to-day.

"After we get out of the detention camp we will be transferred to an aviation school, but am not sure just yet where that will be, as I don't imagine that the powers that be know where we will be stationed the present writing.

"Now, please see that THE BOURBON NEWS comes to me regularly, as I want to keep up with the doings down home, and I also wish you would send the numbers which I have missed since leaving Paris.

"With kindest regards and best wishes for a peaceful New Year, I am,

"Very sincerely,  
J. MONROE SWEENEY.  
Company 13, Camp Decatur, Great Lakes, Ill."

## SLACKER IS FOUND HIDING IN BIG CARTON OF PAPER.

George Cheadle, a young man of Olympia, Washington, was found by Chief of Police Cusack hiding away in a big paper carton in a vacant room upstairs in the man's home. Military authorities of California wired the police to pick him up. After searching the place, Cusack was about to give up when he looked into the box, which appeared to be too small to hold a man.

## BACKING UP PROOF.

## The Kind That Paris People Cannot Deny.

Many an earnest Paris man or woman has publicly endorsed Doan's Kidney Pills.

Week after week, month after month you've read their statements.

Would these Paris people recommend any medicine if it were not good?

Would they confirm and repeat their statements after years had passed?

Local proof is good evidence.

Testimony confirmed years after is better evidence.

The following Paris man's statement leaves no room for doubt.

It must convince every kidney sufferer who reads it.

If your back aches—if your kidneys are weak, profit by the experience of Geo. McCandles, Second Street. He says: "My kidneys were inactive and I had backaches. Doan's Kidney Pills put a stop to all the trouble and gave me complete relief." (Statement given January 17, 1912.)

## NO TROUBLE SINCE.

Over four years later, or on November 9, 1916, Mr. McCandles said: "I haven't had any need of a kidney remedy since I last endorsed Doan's Kidney Pills. I consider myself permanently cured."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. McCandles had. Foster-Milburn, Co., Mfrs., Buffalo, N. Y. (adv)

## McGREGOR BOOSTED FOR SEAT OF OLLIE JAMES.

Friends of Tom B. McGregor, of Frankfort, former assistant Attorney General, are urging him to make the race for the Republican nomination for United States Senator. The term of Senator Ollie James, Democrat, will expire in 1919, and many Republican members of the 1918 General Assembly predict that a Republican will succeed Mr. James in the Senate. The boom for McGregor was inaugurated by his friends in the Legislature and Republicans from over the State who were in Frankfort to attend the Republican caucus.

## GOVERNMENT TO BUY OUTPUT OF FLOUR MILLS.

## SOCIAL AND PERSONAL.

To supply the needs of the army and navy and those associated with the United States in the war, the Food Administration will purchase from every flour mill in the country not to exceed 30 percent of its output. Out of the flour purchased, the Food Administration will retain at all time a reserve stock and will ship flour to any point where the local supply might be short.

"This measure is not taken with a view to diminishing supplies to the market," said an administration announcement, "but is to fundamentally further adequate handling of transportation in respect to army, navy and export requirements and a regular supply of flour for the associates in the war of the United States at favorable loading points, and more regular flow of the commodity and to prevent congestion and inequalities in stocks of flour owing to transport difficulties."

## HAVE YOU SEEN THEM?

The knitting craze holds on, and almost every woman has ceased to darn hubby's socks or patch his trousers, and is now busily engaged in knitting sweaters for the soldier boys. The knitting bags are thick on the streets, being carried by the old and young of the feminine sex.

These bags are of all colors and designs and some of them very closely resemble the dream of an artist of the "Cubist" school. Some resemble crazy quilts, while others look like a section taken from a comic supplement. Still they are being used in a patriotic cause, so what should mere man say? But have you seen them?

## BAD COLD QUICKLY BROKEN UP

Mrs. Martha Wilcox, Gowanda, N. Y., writes: "I first used Chamberlain's Cough Remedy about eight years ago. At that time I had a hard cold and coughed most of the time. It proved to be just what I needed. It broke up the cold in a few days, and the cough entirely disappeared. I have told many of my friends of the good I received through using this medicine, and all who have used it speak of it in the highest terms." Obtainable everywhere.

## IN THE SERVICE OF THEIR COUNTRY.

The Georgetown News has the following regarding a former Secretary of the local Y. M. C. A. who was deservedly popular here:

"Sergt. R. Herndon Waller, who was sergeant in the 326th Field Artillery, entered the Officers' Training Camp at Camp Taylor when it was opened and is making rapid strides in that camp and when the officers are announced, he will be found among the 'top notchers' it goes without saying. He is a model soldier in every particular."

Dr. H. H. Roberts, formerly of Paris, has received a commission as Captain in the U. S. Army and has been assigned to service at Camp Gordon, near Atlanta, Ga., as specialist in gastro-entero diseases. Dr. and Mrs. Roberts are temporarily residing at the Georgian Terrace Hotel, in Atlanta. Dr. Roberts has for several years been resident phy-

## The Right Number

When you go out to make a call in person you always assure yourself of the right address.

In making a telephone call it saves a lot of time and bother to be sure of the number.

The absolutely sure way is to first consult the telephone directory—not trusting to memory—and then listen carefully when the operator repeats back to you the number, correcting her if she is wrong.

NEWS OF WOMEN'S WORK  
INTERESTING TO CLUB  
WOMEN.

Kentucky War Conference  
Hon. Franklin K. Lane, Secretary  
of the Interior of the United States,  
Sir Frederick E. Smith, Attorney  
General of Great Britain, and many  
other noted men, will speak at the  
Conference.

A State-wide War Conference, un-  
der the auspices of the Council of  
National Defense and the Kentucky  
State Council of Defense, will be  
held in Louisville, Ky., January  
15 and 16, 1918, at the Henry Wat-  
terson Hotel.

Every citizen in Kentucky is call-  
ed upon to give earnest and self-sac-  
rificing support to this important  
meeting, and, if possible, to attend  
and hear the great issues of the war  
interpreted by some of the most ad-  
vanced thinkers and leaders of the  
land.

The Y. W. C. A. campaign, having  
been retarded by weather condi-  
tions, unpassable roads, and lack of  
telephone connections, will continue  
throughout the week. Miss Orr will  
be glad to receive from the captains  
reports of work accomplished to  
date.

DOINGS OF THE UNITED COM-  
MERCIAL TRAVELERS

Under the above head a writer in  
the Lexington Leader of Sunday has  
the following regarding Paris tra-  
veling men:

Noah Rose, representing Spears  
& Sons, Paris, was up the L. & E.  
last week. Noah has entirely re-  
covered from his sick spell and is  
getting a good business.

It is the pleasure of the writers  
of this column to again announce a  
wedding of a good U. C. T. Ben  
Biscuit Downey of Paris, represent-  
ing the National Biscuit Company,  
and Miss Sara E. Short were mar-  
ried Thursday afternoon by the Rev.  
Mr. Ellis, at Paris. The boys would  
like to have had an opportunity of  
attending this event, as the drum  
corps are in good shape and well up  
on the new music. However, if the  
weather will permit, the happy  
couple may expect charvari from the  
fellows, who are his true friends  
and fellow travelers. The boys wish  
them both much joy and happiness."

DAMAGE SUIT AGAINST PARIS  
MAN FOR \$5,000.

Suit has been filed in the Nich-  
olas Circuit Court at Carlisle by  
Mr. Phillips Sugg, as next best  
friend of Clarence Sugg, against  
Mr. Wm. H. Whaley, Jr., of this  
city, for \$5,000 damages, alleged to  
have been sustained by Clarence  
Sugg by reason of being falsely ar-  
rested and imprisoned by W. H.  
Whaley and also of being assaulted  
by Whaley. It is alleged that the  
acts occurred on Hallowe'en night  
on the Maysville & Lexington pike,  
near Ellisville.

ALL ROAD ENGINEERS WANTED  
AT STATE CONVENTION.

To the Editor of BOURBON NEWS:  
We wish you would give all the  
publicity possible to the Road Engi-  
neers' Convention, which will be  
held in the City of Newport, Ky.,  
February 12, 14, and 15. Kindly  
state that both the cities of Newport  
and Covington will do everything in  
their power to make this convention  
the best convention ever held in the  
State; also to see that the delegates  
have comfortable places to stay. An  
elegant program and splendid enter-  
tainment for the evenings has been  
arranged. Make it impressive that  
everyone of the road engineers and  
their friends are invited to be pres-  
ent at this convention.

Yours very truly,

APPELLATE COURT DECISION.

In the Court of Appeals at Frank-  
fort, Friday, an agreement was en-  
tered into by which, in the case of  
the L. & N. R. R. vs. Briggs, from  
the Bourbon Circuit Court, a suit  
for damages, appealed, the appellant  
was given until May 1, 1918, to file  
transcript of the record.

IOWA MAN'S SATIRE  
ON KAISER WILHELM

Satan Informs German Ruler He  
Has Ousted All Other  
Evil Doers.

St. Paul Dispatch: Louis Syber-  
krop, of Creston, has acquired much  
fame in recent weeks as an author  
of a satire on Kaiser Wilhelm. Re-  
quests have come to him from Tum-  
ulty, Secretary Daniels and Roose-  
velt, and people in every State in  
the union and in Canada have asked  
for copies of Mr. Syberkrop's ar-  
ticle. It is as follows:

"The Infernal Region,  
June 28, 1917.

"To Wilhelm von Hohenzollern,  
King of Prussia, Emperor of All  
Germany and Envoy Extraordi-  
nary of All Mighty God:

"My Dear Wilhelm: I can call  
you by that familiar name for I  
have always been very close to  
you, much closer than you could  
ever know.

"From the time you were yet an  
undeveloped being in your mother's  
womb I have shaped your destiny  
for my own purpose.

"In the days of Rome I created  
a roughneck known in history as  
Nero; he was a vulgar character  
and suited my purpose at that par-  
ticular time. In these modern days  
a classic demon and efficient super-  
criminal was needed, and as I know  
the Hohenzollern blood, I picked you  
as my special instrument to place  
on earth an annex to hell. I gave  
you abnormal ambition, likewise an  
over supply of egotism—that you  
might not discover your own fail-  
ings; I twisted your mind to that of  
a mad man with certain normal  
tendencies to carry you by, a most  
dangerous character placed in pow-  
er; I gave you the power of a hyp-  
notist and a certain magnetic force  
that you might sway your people. I  
am responsible for the deformed arm  
that hangs helpless on your left, for  
your crippled condition embitters  
your life and destroys all noble im-  
pulses that might otherwise cause  
me anxiety, but your strong sword  
arm is driven by your ambition that  
squelches all sentiment and piety; I  
pledged in your soul a deep hatred  
for all things English, for of all na-  
tions on earth I hate England most;  
wherever England plants her flag  
she brings order out of chaos and  
the hated Cross follows the Union  
Jack; under her rule wild tribes be-  
come tillers of the soil and in due  
time practical citizens; she is the  
great civilizer of the globe and I  
HATE HER. I planted in your soul  
a cruel hatred for your mother be-  
cause SHE was English and left my  
good friend Bismack to fan the flame  
I have kindled. Recent history  
proves how well our work was done.  
It broke your royal mother's heart,  
but I gained my purpose.

"The inherited disease of the Hoh-  
enzollerns killed your father, just as  
it will kill you, and you became the  
ruler of Germany and a tool of mine  
sooner than I expected.

"To assist you and further hasten  
my work I sent you three evil spir-  
its, Nietzsche, Treitschke and later  
Bernhardi, whose teachings inflamed  
the youth of Germany, who in good  
time would be willing and loyal  
subjects and eager to spill their  
blood and pull your chestnuts, yours  
and mine; the spell has been per-  
fect—you cast your ambitious eyes  
toward the Mediterranean, Egypt,  
India and the Dardanelles and you  
began your great railway to Bagdad,  
but the ambitious archduke and his  
more ambitious wife stood in your  
way. It was then that I sowed the  
seed in your heart that blossomed  
into the assassination of the duke  
and his wife, and all hell smiled  
when it saw how cleverly you sad-  
dled the crime on to Servia. I saw  
you set sail for the fjords of Nor-  
way and I knew you would prove an  
alibi. How cleverly done, so much  
like your noble grandfather, who  
also secured an assassination to re-  
move old King Frederick, of Den-  
mark, and later robbed the country  
of two provinces that gave Germany  
an opportunity to become a naval  
power. Murder is dirty work, but  
it takes a Hohenzollern to make  
away and get by.

"Your opportunity was at hand;  
you set the world on fire and bells  
of hell were ringing; your rape on  
Belgium caused much joy, it was the  
beginning, the foundation of a per-  
fect hell on earth; the destruction of  
noble cathedrals and other infinite  
works of art was hailed with joy in  
the infernal regions. You made war  
on friends and foe alike and the  
murder of civilians showed my  
teachings had borne fruit. Your  
treachery toward neutral nations  
hastened a universal upheaval,  
the thing I most desired. Your un-  
dersea warfare is master stroke;  
from the smallest mackerel pot to  
the great Lusitania you showed no  
favorites; as a war lord you stand  
supreme, for you have no mercy;  
you have no consideration for the  
baby clinging to its mother's breast  
as they both go down into the deep

together, only to be torn apart and  
leisurely devoured by sharks down  
among the corals.

"I have strolled over the battle-  
fields of Belgium and France. I have  
seen your hand of destruction every-  
where; it's all your work, super-  
ficial that I have made you. I have  
seen the fields of Poland, now a wil-  
derness fit for prowling beasts only;  
no merry children in Poland now;  
they are succumbed to frost and  
starvation—I drifted down into  
Galacia where formerly Jews and  
Gentiles lived happily together; I  
found but ruins and ashes; I felt a  
curious pride in my pupil for it was  
all above my expectation. I was in  
Belgium when you drove the peace-  
ful population before you like cattle  
into slavery; you separated man and  
wife and forced them to hard labor  
in trenches. I have seen the most  
fleidish rape committed on young  
women and those who were forced  
into maternity were cursing the fa-  
ther of their offspring and I began  
to doubt if my own inferno was  
really up to date.

"You have taken millions of dol-  
lars from innocent victims and cal-  
led indemnity; you have lived fat  
on the land you usurped and sent  
the real owners away to starvation.  
You have strayed away from all le-  
galized war methods and introduced  
a code of your own. You have killed  
and robbed the people of friendly  
nations and destroyed their prop-  
erty. You are a liar, a hypocrite  
and a bluffer of the highest magni-  
tude. You are a part of mine and  
yet you pose as a personal friend of  
God. Ah. Wilhelm, you are a won-  
der. You wantonly destroyed all  
things in your path and leave noth-  
ing for coming generations.

"I was amazed when I saw you  
form a partnership with the im-  
possible Turk, the chronic killer of  
Christians, and you a devout wor-  
shipper in the Lutheran church. I  
confess, Wilhelm, you are a puzzle  
at times. A Mohammedan army  
commanded by German officers, as-  
sisting one another in massacring  
Christians is a new line of warfare.  
When a Prussian officer can witness  
a nude woman being disembowled  
by a swarthy Turk, committing a  
double murder by one cut of his  
sabre, and calmly stand by and see  
the house full of innocent Armenians  
locked up, the house saturated with  
oil and fired, then my teachings did  
not stop with you, but have been  
extended to the whole German na-  
tion. I confess my satanic soul grew

sick and there and then I knew the  
pupil had become the master. I am  
a back number, and, my dear Wil-  
helm, I abdicate in your favor. The  
great key of hell will be turned  
over to you. The gavel that has  
struck the doom of damned souls  
since time began is yours. I am sat-  
isfied with what I have done; that  
my abdication in your favor is for  
the best interests of hell—in the fu-  
ture I am at your majesty's service.  
Affectionately and sincerely,

"LUCIFER H. SATAN."

FIRE DESTROYS HOME.

Fire resulting from an overheated  
stove destroyed the residence of  
John Haley, in Winchester, Satur-  
day morning. The fire gained such  
headway before fire department ar-  
rived that it was impossible to save  
any part of it. The members of the  
family were driven from the burn-  
ing home into the extreme cold and  
were taken to the homes of neigh-  
bors for shelter. Firemen were  
greatly handicapped by the zero  
weather. There was no insurance on  
the home.

CLEVELAND VISITED BY DE-  
STRUCTIVE CONFLAGRATION.

Fire of unknown origin destroyed  
the five-story brick building occupied  
by the Shields, Wertheim Cigar  
Company, at Cleveland, O., with an  
estimated loss of \$125,000. With  
the thermometer registering 5 de-  
grees below zero and a fifty-mile-an-  
hour wind, firemen were hampered  
in their efforts to fight the fire. Sev-  
eral of the water pipes were frozen,  
making it necessary for firemen to  
run their hose lines several blocks  
to reach the blaze.

BOURBON TO ASK FOR STATE  
AID

By the terms of a resolution  
adopted by the Bourbon Fiscal  
Court it was decided to ask the  
State Road Fund for an allowance  
of \$20,000, which will be supple-  
mented by a like amount by the  
county, for the reconstruction of the  
Paris and Lexington pike, from  
Paris to the Fayette county line.

**SUFFERS FRACTURED ARM**

While on her way home from school Friday afternoon, Miss Soula Davis, daughter of Mr. and Mrs. M. H. H. Davis, slipped and fell on the icy pavement, fracturing her left arm. She was removed to her home on High street, where the broken bones were set and the patient made comfortable.

**BASKET BALL GAMES**

The boys' and girls' basketball teams of the Paris High School visited Cynthiana, Friday night and tried conclusions with the teams of the Cynthiana High School. The girls' team triumphed over the Cynthiana team, while the Paris boys went down in defeat. The trip back to Paris was made by the teams under the most discouraging conditions, due to the extreme cold and the high wind. They did not reach Paris until an early hour Saturday morning.

**TO PROVIDE ADEQUATE QUARTERS FOR POLICE.**

Plans are being considered by the City Council for providing adequate and proper headquarters for the Paris police, where they may be found both off or on duty. A committee has been appointed to ascertain the cost of fitting up quarters in the rear of the fire department and to make a report of their investigations at the next meeting of the Council.

This is a move in the right direction, and one that will meet with approval of all as it is something that has long been needed in Paris.

**EYES BURNED IN EXPLOSION OF FUSEE.**

While engaged in making repairs to an engine in the South Yards of the Louisville & Nashville, Saturday, Clarence Wills, car inspector, was badly burned about the face by hot grease.

Wills was working on a "fusee" on the engine, when it exploded, throwing scalding hot grease in his face, seriously injuring the sight of one eye and burned him about the face and neck. The injured man was given prompt medical attention and taken to his home.

**VIOLINCELLO CONCERT AT THE PARIS HIGH SCHOOL THURSDAY**

Music lovers of Paris will be given a treat Thursday evening, January 17, at eight o'clock, when Mme. Kathe Pieczonka, noted European artist, will give a violincello concert in the auditorium. Mme. Pieczonka will be assisted by Miss Elizabeth Crutcher, of Paris, who will be her accompanist at the piano.

Mme. Kathe Pieczonka is without doubt the finest concert cellist in America to-day. She is a pupil of Platti, the greatest cellist the world has ever known, and also a graduate of the Leipzig Conservatory under Professor J. Kienig, with whom she studied six years.

Admission will be 35 cents for adults; children, 15 cents. Tickets are on sale at the Paris Book Company's store and the Paris High School.

**DOROTHY DALTON IN "THE PRICE MARK" TO-MORROW.**

Dorothy Dalton will be seen in "The Price Mark" at the Alamo Theatre and Grand Opera House tomorrow (Wednesday) afternoon and evening. This will be the first photoplay in which Thomas H. Ince will introduce his beautiful and gifted young screen star to Paramount patrons.

Miss Dalton has achieved a marked prominence in the film world by reason of the wide scope of her artistry. It apparently makes no difference whether she is called upon to portray a light, frivolous role or enact an episode of thrilling intensity. She invariably achieves the desired result in either instance—and with equal brilliance. Her recent stellar appearance in "The Flame of the Yukon" stamped her as an actress of tremendous power, and in John B. Ritchie's story of New York studio life as revealed in "The Price Mark," patrons of Paramount theatres will witness another great character portrayal.

**SOCIAL AND PERSONAL.**

**Comings and Goings of Our People Here, There and Elsewhere.**

—Misses Marie and Mattie Lee Scott, and Edna Huffman, of Covington, are guests of relatives and friends in Paris.

—Mrs. Ollie Lykins and little grandson, of Revanna, Ky., are guests of her parents, Dr. and Mrs. B. F. McClure, at Little Rock.

—Miss Carolyn Roseberry, of Paris, was a guest recently at an informal party given by Mr. Wm. Wade, at his home near Versailles.

—Miss Carolyn Roseberry has returned from a visit of several days to Mrs. Peter G. Powell, at her home on Market street, in Lexington.

—Mrs. Boone Chanslor and little daughter, Nancy, of Little Rock, will leave January 20 for Jacksonville, Florida, to remain during the winter.

—Miss Lollie Terrill, who has been a patient in a Lexington hospital for several weeks, is now convalescent, and will be able to return home soon.

—Misses Winnie and Lutie Williams have taken rooms at the home of Mr. and Mrs. Thomas Henry Clay, on Pleasant street, for the remainder of the winter.

—Mr. Clark Patterson, formerly of North Middletown, and now connected with the Chemical National Bank, in New York City, was a business visitor in Paris last Friday.

—Miss Irene Bramblett has returned to her school duties at the school duties at the Kentucky College for Women, in Danville, after a visit to her parents, Mr. and Mrs. L. R. Bramblett.

—Miss Alice Snapp and family will move to-day from the home they have been occupying in White Addition to the cottage on Houston Avenue, recently purchased by Mr. Dennis V. Snapp.

—Mr. and Mrs. Stanhope Wiedemann are guests of the latter's parents, Mr. and Mrs. J. D. Purcell, in Lexington. Their little daughter, Naomi, who has been very ill, is somewhat improved.

—Mrs. Carrie F. Stone left yesterday for a visit to her son, Mr. Geo. ("Tommy") Frakes, and her daughter, Mrs. Lee Starke, in Louisville. From there Mrs. Stone will go to Cleveland, Ohio, to visit her son, Mr. Jos. Q. Frakes.

—Among those present at the reception and dance given in Patten Hall, at State University, Saturday evening by the members of the Kappa Delta fraternity were Miss Marie Collins, and Messrs. John Price, Thornton Connell and John Eldridge, of Paris.

—Miss Hattie Hughes, formerly the popular and efficient chief operator at the Home Telephone Co.'s local exchange, and later a member of the clerical force at the Kress Co.'s store, has taken a position in the office of Dr. W. R. Franklin, optometrist.

—Mr. C. O. Hinton and little daughter, of Paris, are both ill at the Good Samaritan Hospital, in Lexington. Mrs. Hinton is with them. Mr. Hinton, who is engaged in Y. M. C. A. work at Camp Zachary Taylor, came up to see his sick child, and was taken ill while there.

—Miss Jennie James, daughter of Mr. and Mrs. J. William James, of Paris, has resigned her position as stenographer with the J. D. Purcell visit with relatives in Paris, Miss James will go to Munson, Florida, to visit her uncle, Mr. Wm. Maddox.

**MAYOR JANUARY APPOINTS NEW STANDING COMMITTEES**

One of the most important duties of the new city administration or a first-meeting duty, is the appointment of standing committees to take charge of matters pertaining to the city's interest. In accordance with this procedure Mayor January has made the following selections from the Board of Council. The first-named on each committee will be chairman:

Finance—Doyle, Arkle, Kiser; Building—Arkle, Christman, Nichols; Police—Merringer, Arkle, Nichols; Light—Kiser, Merringer, Veatch; Sanitary—Christman, Doyle, Veatch; Grieve—Nichols, Kiser, Doyle; Improvement—January, Merringer, Arkle, Christman; Pardon Board—January, Arkle, Christman.

**SUFFERS PARALYTIC STROKE**

While engaged in the performance of household duties at her home on High street, Saturday, Mrs. Flora Tucker Collins, wife of Mr. Horace Collins, the Main street clothier, suffered a partial stroke of paralysis, her entire left side being affected.

Her physicians do not apprehend any serious consequences, unless complications set in. Yesterday Mrs. Collins was reported as being about the same.

**THINGS TO WORRY ABOUT**

It is said that in China sharpers split silver dollars in half and remove the silver from the middle so that the dollars when put together again actually are not worth more than a half-dollar. In Paris, Ky., and other places, as well, the same thing is done to the customer's dollar by an inflated price upon sugar, and the inflator has a perfectly good dollar after the operation.

**GOOD WORDS FOR NEW MEMBER P. H. S. FACULTY.**

The Maysville Daily Independent pays the following tribute to Prof. Clarke, of that city, who was recently elected a member of the Paris High School in the English Department, to succeed Mrs. E. T. Proctor:

"Word was received here that Mr. F. Wadsworth Clarke, son of Mr. and Mrs. Frank H. Clarke, of this city, had been elected to the chair of English in the Paris (Ky.) High School at a splendid salary.

"Mr. Clarke will assume his new duties in the very near future, and in his leaving Maysville the city loses his valuable assistance in the campaign made necessary by the war, in which he has proven so very efficient in the past. As assistant secretary of the Mason County Chapter of the American Red Cross, Mr. Clarke has been one of the most active men in the campaign, and the great success of the recent campaign is due in no small degree to his interest and activities.

"He has proven a great assistance to the Chamber of Commerce, and is a real live wire, such as a city regrets to lose.

"Mr. Clarke is well qualified for the position to which he has been elected. He is a graduate of Harvard University and has had considerable experience in teaching.

"Maysville will lose heavily and regrets exceedingly giving up such a man, but all of his many friends wish him much success in his new position."

**TO OUR PATRONS.**

The extraordinary weather conditions have seriously interfered with the mails, telephone and telegraph service, and with all kinds of delivery service. This has been true especially in the newspaper business.

THE NEWS now has the best carrier force it has had for many years, boys who make every effort to serve their patrons promptly and faithfully. In weather like this they may occasionally miss a paper, but we have few complaints. These few lines will explain to our subscribers any shortcomings in the delivery of THE NEWS or in our news columns.

**UNION SERVICES.**

In order to comply with the request of the Government Fuel Administration for the purpose of conserving fuel and lights the various Protestant churches of Paris have agreed to hold union services on Sunday nights. The first service was held in the Christian church Sunday evening, Rev. G. R. Combs, pastor of the Methodist church, delivered the sermon.

The furnace of the Methodist church, which has been out of commission for some time, has been repaired, and the house made comfortable for services in the future. The churches will hold their regular morning services as usual.

## WOMAN'S SUFFRAGE WINS IN THE HOUSE.

WASHINGTON, Jan. 14.—Woman's suffrage by Federal constitutional amendment won in the House last night with exactly the number of affirmative votes required.

The House adopted by a vote of 274 to 136 a resolution providing for submission to the States of the so-called Susan B. Anthony amendment for national enfranchisement of women.

The resolution as adopted follows:

"Joint resolution proposing an amendment to the constitution of the United States extending the right of suffrage to women.

Resolved by the Senate and House, et cetera, two-thirds of each house concurring therein, that the following article be proposed to the Legislatures of the several States as an amendment to the constitution of the United States which, when ratified by three-fourths of said legislatures, shall be valid as part of said constitution, namely:

"Article—Section 1.—The right of citizens of the United States to vote shall not be denied or abridged by the United States or by any State on account of sex.

"Section 2—Congress shall have power, by appropriate legislation, to enforce the provisions of this article."

But for the promise of Speaker Clark to cast his vote from the Chair for the resolution if it was needed, the change of a single vote to the opposition would have meant defeat.

Republican Leader Mann, who came from a Baltimore hospital, where he had been under treatment since Congress convened, and Representative Sims, of Tennessee, just out of a sick bed and hardly able to walk to his seat, brought the votes which settled the issue.

The House hardly had adjourned before the suffrage champions began their fight for favorable action on the Senate side of the capital. Recent polls there have indicated that the necessary two-thirds vote could not be mustered, but encouraged by the House victory and counting upon the influence of President Wilson, who came to their support last night, the suffragists hope to bring the Senate into line, so as to have the amendment before State legislatures during the coming year. They feel sure at least, of forcing a vote in the Senate before the present session ends.

Advocates of the amendment had been supremely confident of the result in the House after President Wilson advised the members who

called upon him last night to support it. They were so confident that the close vote was received with amazement and some of the opponents were almost as much surprised.

When the first roll call was finished unofficial counts put the result in doubt, and before the Speaker could make an announcement there was a demand for a recapitulation. Then the name of each member, and the way it was recorded, was read.

Announcement of the vote was greeted with wild applause and cheering. Women in the galleries literally fell upon each other's necks, kissing and embracing, and shouting, "Glory, Glory, Hallelujah."

Every attempt made to amend its language was beaten. Representative Gard, of Ohio, tried unsuccessfully to put on it the same limitation carried by the resolution for the prohibition constitutional amendment, that it must be ratified by the States within seven years from the date of its submission.

Representative Moores, of Indiana, sought to have a referendum of special convention in each State required. The Gard amendment was rejected 159 to 246 and the Moores amendment 131 to 272.

When the final vote came on the resolution Representative Austin, of Tennessee, challenged the vote of Representative Dominic, of South Carolina, who appeared late in the roll call and said he had not heard his name called. Mr. Dominic told the Speaker he was in the hall and listened and did not hear his name called. His vote was then recorded.

The Speaker watched the vote, prepared to cast his own into the breach if necessary. "One more negative vote," he explained afterwards as he chuckled over the victory, "would have changed the situation and the amendment resolution would have lost, in which event I would have directed the Clerk to call my name, and that would have been just sufficient to carry it."

Of the total membership of 435 there were 410 members who voted. Their line-up follow:

For the Resolution—Democrats 104; Republicans, 165; Miscellaneous, 5. Total, 274.

Against the Resolution—Democrats, 102; Republicans, 33; Progressive, 1. Total, 136.

## HOW KENTUCKY VOTED.

WASHINGTON, Jan. 14.—Kentucky Representatives voted on the resolution as follows:

For the Resolution—Barkley, Cantrell, Field, Johnson, Thomas, Langley, Powers.

Against the Resolution—Kinchen, Sherley, Rouse, Helm.

## ACID IN STOMACH SOUR THE FOOD AND CAUSE INDIGESTION

"Pape's Diaepsin" Fixes Sour, Gassy, Upset Stomachs in Five Minutes.

You don't know what upset your stomach—which portion of the food did the damage—do you? Well, don't bother. If your stomach is in a revolt; if sick, gassy and upset, and what you just ate has fermented and turned sour; head dizzy and aches; belch gases and acids and eructate undigested food; breath foul; tongue coated—just take a little Pape's Diaepsin to neutralize acidity and in five minutes you wonder what became of the indigestion and distress.

Millions of men and women today know that it is needless to have dyspepsia. A little Diaepsin occasionally keeps the stomach sweetened, and they eat their favorite foods without fear.

If your stomach doesn't take care of your liberal limit without rebellion; if your food is a damage instead of a help, remember the quickest, surest, most harmless antacid is Pape's Diaepsin, which costs only fifty cents for a large case at drug stores. It's truly wonderful—it stops food souring and sets things straight, so gently and easily that it is really astonishing. Your stomach will digest your meals if you keep acid neutralized. (adv)

## A TOUCHING TRIBUTE TO LITTLE CHILDREN.

Writing to the Cynthiana Democrat from the Masonic Widows' and Orphans' Home at Louisville, Ella Minor Hitch, pays the following beautiful tribute to the children of the Home, orphans of deceased Masons throughout the State:

"Those wishing for an old-fashioned winter, when sleighing and skating could be enjoyed, have gotten their wish, and then some. But how about those whose clothing is insufficient to keep out the wintry blasts, fuel almost unattainable and larder empty? We look upon those little tots here, from three to five years old, healthy and well-fed, such loving little creatures. Mary and Ruth Ritchie, of Paris, aged three and five, respectively, are such dear little ones. We pet them and love them every chance. Sometimes the little one cries when we have to say, by-by, but soon they are playing again. We are glad the tears down childhood's cheeks that flow are like the dewdrops on the rose—when next the summer breeze comes by it shakes the bush, the flower is dry. We wish all little folks, as well as older ones, could be as well fed and warmed as these are here."

## WOMEN OF SEDENTARY HABITS

Women who get little exercise are likely to be troubled with constipation and indigestion and will find Chamberlain's Tablets highly beneficial. Not so good as a three or four mile walk every day, but very much better than to allow the bowels to remain in a constipated condition. They are easy and pleasant to take and most agreeable in effect. Obtainable everywhere.

## U. S. GOVERNMENT WAR-SAVING STAMPS

In offering "War-Savings Stamps" to the public the United States Government has made immediately available for every man, woman, and child in the Country a profitable, simple, and secure investment.

What They Are.—War-Savings Stamps are the answer of a great democracy to the demand for a democratic form of government security. They are "little baby bonds." Like Liberty Bonds, they have behind them the entire resources of the Government of the United States. They have the additional advantage that they steadily increase in value from the date of purchase until the date of maturity, and this increase is guaranteed by the Government. These stamps are issued in two denominations, the 25-cent stamp and the \$5 stamp.

For the convenience of investors a "Thrift Card" is furnished to all purchasers of 25-cent stamps. This card has spaces for 16 stamps. When all the spaces have been filled the Thrift Card may be exchanged for a \$5 stamp at post offices, banks, or other authorized agencies by adding 12 cents in cash prior to February 1, 1918, and 1 cent additional each month thereafter.

Those who prefer may buy a \$5 stamp outright. These will be on sale from December 3, 1917, until January 31, 1918, for \$4.12. They automatically increase in value a cent a month every month thereafter until January 1, 1923, when the United States will pay \$5 at any post office or at the Treasury in Washington for each stamp affixed to a War-Savings Certificate.

When you purchase a \$5 stamp, you must attach it to an engraved folder known as a "War-Savings Certificate" which bears the name of the purchaser and can be cashed only by the person whose name appears upon the certificate, except in case of death or disability. This certificate contains 20 spaces. If all are filled with War-Savings Stamps between December 3, 1917, and January 31, 1918, the cost to the purchaser will be \$82.40, and on January 1, 1923 the Government will pay the owner of the certificate \$100—a net profit to the holder of \$17.60. This is based on an interest rate of 4 per cent compounded quarterly from January 2, 1918. The amount of War-Savings Stamps sold to any one person at any one time shall not exceed \$100 (maturity value), and no person may hold such stamps or War-Savings Certificates to an aggregate amount exceeding \$1,000 (maturity value).

If the holder of a War-Savings Certificate finds it necessary to realize cash on it before maturity, he may at any time after January 2, 1918, giving 10 days' written notice to any money-order post office, receive for each stamp affixed to his certificate the amount paid therefor plus 1 cent for each calendar month after the month of purchase of each stamp. A registered certificate may be redeemed however, only at the post office where registered.

In other words, the plan is simple, straightforward, and certain. The holder of the certificate can not lose and is certain to gain. He is buying the safest security in the world in the most convenient form in which the security of a great Government has ever been offered to its people.

Why You Should Buy Them.—The main reason for the purchase of War-Savings Stamps is because your country is at war. Your Country needs every penny which every man, woman, and child can save and lend, in order to feed, clothe, arm, and equip the soldiers and sailors of America and to win this righteous war in defense of American honor and the cause of democracy throughout the world.

If we are to win the war, we must win it as a united people. The savings of every man, woman, and child are necessary if we are to hasten the victorious ending of the war. War Savers are Life Savers.

A single strand in the cables which uphold the great Brooklyn Suspension Bridge is not very strong, but thousands of these strands bound together uphold one of the great thoroughfares of the world.

When our fathers and sons and brothers were called by our Country to take up arms in her defense, you did not hear an individual soldier refuse to serve because his service alone would not win the war. Each man was ready to do his part. The great army thus formed is going forward to face the fire of battle and to risk everything for the safety and security of our homes and our families, and for the very existence of our Country.

These are the men for whom you are asked to save and lend your dollars.

A Country worth fighting for is a Country worth saving for.

To save money is to save life.

Buy War-Savings Stamps at post offices, banks, trust companies, or other authorized agencies, and strike a blow for our Country.

PRICES ON MILL FEED UNDER  
NEW SCHEDULE.

Taking bran for the basis for fixing prices on mill feeds, the following orders, as promulgated by the National Food Administration, have been received here and have been put into effect by the local milling firms, the Paris Milling Company and E. F. Spears & Sons.

The bulk price in carload lots at the mills shall not exceed thirty-eight per cent. of the average cost of a ton of wheat at the mill. The cost of wheat shall be the average cost as shown by the millers' previous month's record, and shall include the one per cent. administration fee paid by the mills on all wheat ground.

Prices established for other wheat mill feeds are as follows:

Mixed feeds, \$4.00 per ton above bran; Shorts or standard middlings, \$2.00 per ton above bran; Flour middlings, \$9.00 per ton above bran; Red dog, \$15.00 per ton above bran.

These prices and percentages are subject to change, but no revision will be made without thirty days' notice.

Where the average price of wheat to the mill is \$2.08, the price of bran from the miller cannot be more than \$26.35 per ton. Where the average price of wheat to the mill is \$2.20, the price of bran from the miller cannot be more than \$27.87 per ton. The above prices apply to bulk feeds. When sacked the actual cost of the containers may be added to the selling price.

THE GIST OF IT.

"Last December I had a very severe cold and was nearly down sick in bed. I bought two bottles of Chamberlain's Cough Remedy and it was only a very few days until I was restored to health," writes O. J. Metcalf, Weatherby, Mo. If you would know the value of this remedy, ask any one who has used it. Obtainable everywhere.

"GOD SELECTED KAISER TO WIN WAR," SAYS PREACHER.

Paul Braden, of Windsor, a man of draft age, testified at the Federal trial at Brattleboro, Vermont, of Rev. Charles H. Waldron, a Baptist clergyman, charged with sedition, that Waldron had advised him not to obey the President's proclamation, and to resist efforts by the military authorities to force him into war service even to the point of being shot.

Sherman Ezarts, another witness, said Waldron had told him Emperor William had been ordained by God to win the war. Ezarts testified that the minister had said there was no occasion to oppose the German Emperor, as his acts represented the fulfillment of the prophecy in Revelations regarding the end of the world.

**DEATHS.****HUTCHCRAFT.**

—Mr. J. Perry Hutchcraft, aged fifty-eight, died at 9:30 o'clock yesterday morning at his home in East Paris, after a long illness of a complication of diseases. Mr. Hutchcraft had long been a sufferer from cancer which, complicated with other physical ailments, resulted in his death.

Mr. Hutchcraft was a son of the late R. W. Hutchcraft, of Paris, who moved to Colorado years ago, where he became prominent in legal circles, having been elected County Judge of the county in which he resided. His mother, Mrs. Sue Croxton Hutchcraft, was a sister of Gen. John B. Croxton, of Paris, who was U.S. Minister to Brazil.

Mr. Hutchcraft was a native of Paris, where he had been in business in various capacities for many years. He was prominent in Republican politics, having taken part in all the party's campaigns. He was in the internal revenue service for several years, as a guager and store-keeper through several administrations. Until the dismantling and cessation of business at the G. G. White distilling plant in East Paris, he had been on duty there. Upon retiring from the revenue service Mr. Hutchcraft had devoted his time to gardening at his place in East Paris, in which he was highly successful.

Mr. Hutchcraft is survived by his widow, who was formerly Miss Anna Varnon, a daughter of Judge and Mrs. Varnon, residents of Paris, two sons, Capt. R. Davis Hutchcraft, of Tampa, Fla., and Winn Hutchcraft, of Paris, a student at the University of Kentucky, at Lexington, and one daughter, Miss Mary Allen Hutchcraft, cashier at Frank & Co.'s.

The funeral will be held at the family residence in East Paris, tomorrow morning at ten o'clock, with services conducted by Rev. F. J. Cheek, of Danville. The pall-bearers will be James D. McClin-

tock, Claude M. Thomas, Douglas Tomas, Dr. John W. Jameson, J. W. Bacon and Edward Gorey.

**EAST.**

—News of the sudden death of George T. East, in Greenville, Tenn., was received here. Mr. East, who was connected with the R. J. Reynolds Tobacco Company, married Mrs. Mary Crutcher, who was principal of the Kentucky Female Orphan School at Midway several years ago. Prior to her marriage, Mrs. East, in company with Mrs. Rosa Payne, formerly a member of the Bourbon College faculty, conducted a school in Paris. Besides his widow, Mr. East is survived by one sister, Mrs. James Thompson, of Lexington.

**MATRIMONIAL.****WILLIS—DRAKE.**

—Mr. and Mrs. Samuel Woodson Willis, of Paris, announce the engagement of their daughter, Miss Margaret Willis, to Mr. Vaugh P. Drake, of Winchester. The marriage will take place early in February at the home of Mr. and Mrs. Harry B. Clay, on Duncan avenue, in this city.

Miss Willis is one of the most charming young women of the younger social set in Paris, and a universal favorite. Mr. Drake is engaged in the wholesale lumber business in Beattyville, with a branch in Winchester, where he spends a portion of his time.

**ROBINSON—GREEN.**

—Mr. Russell G. Green, aged twenty-one, and Miss Fannie D. Robinson, of Nicholas county, secured license in Maysville, Saturday, and were married in the office of the County Clerk by the County Judge of Mason county.

Even the bill collector has ups and downs. He has to run a victim down before he will pay up.

**More Money From the Same Feed**

That's the experience of every farmer who uses Avalon Farms Hog-Tone. "Tone" a hog and he thrives better. He assimilates a bigger percentage of his food. He is not held back in his growth by the dozens of parasites and disorders that are an ever present menace to his growth. Read this letter about getting more value from the same feed.

**THE AVALON FARMS COMPANY,**  
 Chicago, Ill.

In answer to your inquiry of my success in feeding Hog-Tone, will say that it has been with good success. I would say that it is a great appetizer, and will also say that it is beneficial to any hog that is not feeding out good. A man will get more feeding values from his feed if he will keep his hogs in good condition and I have found no better conditioner than Avalon Farms Hog-Tone.

Where Beauty and Economy Reign

Annual stockholders meeting of the Company was held in the building of the Company, January 9, and the following directors were elected to serve for the ensuing year: J. D. Power, R. B. Crane, E. H. Cady, I. E. Kinsley and S. M. Heller.

District Manager, J. J. Veatch and General Manager Heller have returned from Carlisle and Maysville where Directors Meetings were held, Mr. Veatch being re-elected Vice President of the Carlisle Company and Treasurer of the Maysville Company.

Employees Meeting was held at Paris January 8, with all Paris employees present and Mr. W. M. Paine, Assistant Superintendent, of Louisville.

Mrs. V. H. Parish who has been in charge of the Clintonville Exchange for seventeen years has resigned to live with her son, Mr. Jerome Parish, in Lexington. Mrs. Parish and her daughters have proven to be the most attentive and popular operators in the service and it is with much regret both on the part of the Clintonville subscribers and the Company that they are leaving the service and assure them that they take with them the very best wishes for their future happiness.
